

Loneliness is curable . . .  
friendship is powerful  
medicine.

The Compeer program offers the opportunity to change a lonely life. The dictionary definition of Compeer is below. Compeer recognizes that mental health diagnoses can be the “loneliest illness” and believes that volunteers can provide the comfort and motivation needed to help people in mental health recovery lead happier, more productive lives.

*Being a Compeer is as simple as going for a walk, having a conversation, going to a movie or picking up the phone.*

Spending time, listening, caring, sharing life experiences with a person dealing with mental health diagnoses can...

- Decrease the sense of loneliness and isolation
- Improve recovery
- Increase self-esteem
- Encourage involvement in the community
- Make a real difference in their life.

**com•peer**  
(kompîr) n.

*A person of equal status, a companion, equal, or friend.*

Funds provided by the Delaware County Department of Human Services Office of Mental Health. Additional funds come from tax-deductible donations and grants.

# WHAT IS COMPEER

In 1977, Compeer was established in New York with a mission to foster supportive relationships between volunteers and individuals facing mental health challenges. This initiative has since expanded across the United States and internationally, showcasing numerous inspiring narratives of personal growth resulting from these connections

Compeer's core objective is to pair compassionate adults in one-on-one supportive relationships with individuals of the same gender who are navigating mental health recovery. Compeer volunteers take action, using their qualities, skills, and talents to make a difference in the life of another. Just a few hours of volunteer time each month can have an influence that lasts a lifetime.

Compeer offers extensive training, facilitates the matching process, and provides continuous support throughout the duration of the friendship. Compeer is a fabulous volunteer opportunity which is recognized as a best practice in mental health recovery.

# BEING A COMPEER VOLUNTEER IS EASY
